Dear *Dr Alicino*,

D3, TITLE: "AN ORIGINAL LEAK TEST FOR THE CIRENE
NUCLEAR PLANT"
AUTHORS: ALCINO, ZAMPINI AND MORYSSE

The Journal RES MECHANICA publishes in full selected papers from each SMiRT Conference. The SMiRT Papers Advisory Panel of the Editorial Board has now made its final recommendations to the Board concerning the papers, compact versions of which were presented to SMiRT 9 in Lausanne this August.

The Board has directed me to write to you and inform you that it has accepted the Panel's recommendation that the above should be published in full in a special issue of the Journal RES MECHANICA.

Accordingly I should be grateful if you would let me have two copies of the text and figures immediately. Papers can be up to 30 pages in length with up to 20 figures and photographs.

Yours Sincerely

100987 14341 0
